

PARKING in Prague

Hello, in this document you will find:

1. A description of the parkings we recommend
2. A table with:
 - recommended parkings by apartment
 - directions to get from the parking to your apartment by public transportation (the RENTeGO map is a map we send you together with payment confirmation)
 - if you prefer to take a taxi refer to the practical information section of our website – basically you can take a AAA taxi, call 14014, or City Taxi, call (00420) 257 257 257 (they speak English)
3. Stopping in the streets in Prague 1, for example to get your luggage to the apartment

Warning : we do our best to help you with these informations, but anyway having a car in Prague center is a useless pain. By leaving it outside, you will risk getting your car stolen or getting fined ; parkings, on the other hand, are expensive.

Our apartments are greatly located so that you can enjoy all by walking... When comparing car and low-cost airlines, do not forget to take parking fees into account ...

1. Description of recommended parkings

MARRIOT

- Inside parking of the Marriot hotel, in B6/C6 on RENTeGO map
- V Celnici street, Praha 1
- in the very center, close to our apartments
- 600 CZK (24 EUR) per 24H

RUDOLFINUM

- Automatic **underground** parking – please do not confuse it with the one that is outside of the building!!!!
- Namesti Jana Palacha, Praha 1, in B4 on RENTeGO map
- in the very center, close to our apartments
- 600 CZK (24 EUR) per 24H

DRTINOVA

- Inside parking with a guardian close to the following apartments: Mala, Nova, Kinsky, Most, Kampa, Vlasska, Loreta, Navratilova, Wenceslas, Stepan, Kundera - at Drtinova street , N° 9, Praha 5
- for 290 CZK (12 EUR) per day. (B3 on the RENTeGO map)
- However it's not sure you will find a parking place there, since their majority is permanently pre-reserved.
- You can always try upon your arrival, but unfortunately there is no way you can make your reservation in advance.
- We have been told though, by one of our clients who parked his car there they were reliable and nice 😊

MAP

2. Which parkings are best depending on your apartment - and how to get back to your apartment?

Usually we tried to put one very close and central (often more expensive) and one less central but cheaper.

	Drtinova	Tram No 12 or 20 from « Arbesovo namesti » to « Malostranske namesti ».

3. Stopping in the streets in Prague 1, for example to get your luggage to the apartment – a few examples

		<p>Authorized from 8h a 18h from Monday to Saturday by paying a fee to the machine, authorized and free the rest of the time</p>
		<p>Forbidden (see also the blue lanes on the floor) ; it is better to have someone watch the car while discharging the luggage because stopping can be tolerated but not parking.</p>
<p>No picture yet...</p>		<p>There are parkings guarded by a person who collects fees, usually a good option for a short stop</p>
